

A wide-angle photograph of a massive open-pit mine. The mine is characterized by numerous horizontal terraced levels of earth and rock, showing clear signs of industrial excavation. In the foreground, a dirt road curves through the site, with a yellow warning sign featuring a silhouette of a person. Several large trucks and pieces of heavy machinery are visible on the ground, some kicking up dust. The background shows the vast, layered structure of the mine extending into the distance under a clear sky.
